

Resource Conservationist – Full Time Opportunity

Organization Overview

Allegheeny County Conservation District (ACCD) is part of a national regulatory network tasked with the mission to protect, conserve, promote, and improve our natural resources. ACCD is an innovative district with a diverse program portfolio including urban and rural agriculture, watershed stewardship, improvements to watersheds and wetlands, and regulatory enforcement of PA Chapter 102 and 105 Acts which protect soil and water.

Position Overview

Allegheeny County Conservation District (ACCD) is hiring a full time Resource Conservationist. The District's goal is to protect our watersheds from becoming impaired by non-point sources of pollution, such as sedimentation. Under a delegation agreement with the Pennsylvania Department of Environmental Protection (PADEP), ACCD conducts technical assistance, inspections, and enforcement actions when appropriate to mitigate the effects of non-point sources of pollution in accordance with the Clean Streams Law and Chapter 102 Erosion and Sediment Pollution Control.

The primary function of this position is to conduct inspections of erosion and sediment controls on NPDES permitted construction sites and investigate complaints related to construction activities and waterway obstructions, and issue appropriate reports and other communications regarding findings. The Resource Conservationist will also review erosion and sediment control plans, provide technical assistance and education to the public, government agencies, technical professionals and others. The position divides its time between field and office settings, but is primarily a field position.

Major Responsibilities

Communications

- Ability to communicate clearly and professionally verbally and in writing.
- Ability to create reports based on field work findings in a timely and accurate way.
- Cooperative personality, courteous, respectful, and high integrity.
- Ability to communicate effectively with a diverse stakeholder group; inform contractors and property owners of non-compliance requiring action and resolution.

Field Work

- Physically able to work in outdoor environments with uneven terrain, variable outdoor conditions; working in active construction sites with heavy earth moving equipment.
- Ability to read construction plans and understand construction sequencing.
- Ability to work unsupervised as well as part of a team.
- Able to balance fieldwork with office duties such as meetings, trainings, workshops and report writing.

Essential Knowledge, Skills, & Abilities:

- Bachelor's Degree plus 1-2 years of relevant experience; Associate's Degree + 3-5 years of relevant experience
- Exceptional applicant with High School Diploma and 5+ years' experience in environmental inspection, site development, and earthmoving work.
- The most desirable candidates will hold a degree or have a background in drafting, engineering technology, geology, earth sciences, environmental studies, energy technology or resource management, and have 1-3 years' experience in environmental inspection, site development, and earthmoving work.
- Proficient in common computer software packages, experience with GIS and mapping software a plus, and ability to learn proprietary record keeping systems.
- Comfortable and able to perform in a variety of field, office and meeting settings.

Compensation Overview

Salary Range: \$35,000 - \$40,000 annual salary, plus benefits including: health, dental, vision, life and disability insurances, paid vacation, sick and personal leave, 13 paid holiday days, retirement with employer contribution, and flexible schedule.

Allegheny County Conservation District is an equal opportunity employer and does not discriminate based on race, color, religion, sex, gender identity/expression, sexual orientation, national origin, age, disability or belief. Allegheny County Conservation District encourages and welcomes candidates from diverse backgrounds to apply.

To apply, please email cover letter, resume and three references with 'Resource Conservationist' in the subject line to resumes@accdpa.org. The position will remain open until filled.
