Signature(s): _____ Date: _____

*** The complete plan checklist is attached on the back of this page. All items listed on the checklist must be included in the plan submittal or the plan will not be considered for technical review. ***

COMPLETE PLAN REVIEW CHECKLIST

1. Topographic Features of the Project Area

- The existing topographic features of the project area and surrounding area are shown on plan maps included in the drawings
- A location map has been provided (U.S.G.S. Quadrangle)

2. Types, Depth, Slope, and Extent of Soils

- A soils map has been provided
- Physical characteristics of the soil are addressed in the narrative

3. Proposed Alteration to the Area

- The limits of the project are shown on the plan drawings
- Existing and proposed contours are shown on plan drawings

4. Amount of Runoff from the Project Area and Upstream Watershed

- Calculations are provided showing anticipated peak flows for the design storms

5. Staging of Earth-moving Activities

- Detailed step-by-step construction sequence has been provided

6. Temporary Control Measures and Facilities

- Plan map(s) show locations of proposed temporary control measures and facilities
- Construction details have been provided
- Supporting computations have been provided

7. Permanent Control Measures and Facilities

- Plan map(s) show locations of proposed permanent control measures and facilities
- Construction details have been provided
- Supporting computations have been provided

8. Maintenance Program

- A maintenance program has been provided

9. Complete Plan Sets

- One (1) set of the Erosion and Sediment Pollution Control Plan sheets and narrative
